MARCH PROGRAM: EAGAN

An opportunity has emerged to put **OUR HISTORY ON DISPLAY** and tell the story of our Legacy in a venue open to the public. Choosing the proper location was quite a tough decision. . The **Dakota County Historical Society's (DCHS) Lawshe Memorial Museum** in South St. Paul was by far the most appropriate as it fit with our heritage of more than six decades of operations in Dakota and Ramsey counties. The exhibit, which is currently in the conceptual stage, is the result of cooperation between key figures of the Lawshe Museum, Lockheed Martin and the VIP retiree club. **Chad Roberts**, the DCHS Executive Director, will be our speaker for March. He will discuss the DCHS Mission, their South St. Paul Museum and his vision of what the future Lockheed Martin/Unisys exhibit at the Museum might look like. A Q&A session will follow; all inputs are welcome. **The March 14th afternoon program meeting will be held at 2:00 PM** at the **Unisys MACS** building conference room.

APRIL PROGRAM: ROSEVILLE VOLUNTEER BREAKFAST

On April 18th the VIP Club will host the annual Recognition Breakfast for VIP Club members who performed volunteer services in 2011. (Please see the "*Volunteer Hours Survey Form for Year 2011*" provided on Page 7.) The Breakfast will be held at Gina's Café in the Eagles Club in New Brighton. The month of April is National Volunteer Month and our

Breakfast honors all VIP Club members who perform volunteer services wherever they reside. We thank all VIP Club members for the many hours of volunteer services you provide each year. Last year, the 123 VIP Club members who responded to our 2010 Survey, donated over 26,000 hours to various organizations in Minnesota, Arizona, California, Illinois, Nevada, North Carolina, Texas and Wisconsin.

Forty six members attended the Breakfast last year and we hope this many or more will attend this year. Please note that all members who respond to the "Volunteer Survey" are invited to attend this Breakfast. The Breakfast will be hosted by the VIP Club and will begin at 9 A.M. at Gina's Café in the Eagles Club at 563 Old Highway 8 NW in New Brighton. Management representatives from Lockheed Martin and Unisys will be in attendance as our guests.

MAY PROGRAM: EAGAN A LAST WALK THROUGH

The VIP Club in conjunction with Lockheed Martin is coordinating an opportunity to visit Plant 8, the Eagan Facility, one last time before the closure and turn-over to the new owner. A specific date and time hasn't been established, but we are aiming for a weekday morning sometime in May for the visit. Some of the office areas have already been vacated, but this will provide those of you who may have worked in Plant 8 to take a last look where you spent some of your career. We may also be able to coordinate some tours of the lab areas if possible. In addition, visitors will be able to purchase lunch in the cafeteria and mingle with employees during lunch. More details will be provided in the next Newsletter.

PRESIDENT'S MESSAGE From: President Tom Turba

For those of you that missed it, we had a good afternoon presentation by State Trooper Mike Fredrickson at the Roseville plant with details of how he had helped save two people earlier in the day that had been thrown out of their car. Evaluation is still being done on the scheduling of program meetings, to see if earlier in the day works out better for most people, and what the problems may be. The next meeting in Eagan will again be earlier in the day.

If you help other people and volunteer your time and knowledge, take a few minutes and fill out the **Survey Form** in this Newsletter to see how much time we are all spending helping others while being retired. Also, plan on going to the volunteer breakfast in April to share your stories with others.

As you may have heard, Unisys has signed a 5-year lease to stay in their current building in Roseville, but will be consolidating into about 1/3 the space on the west side of the building. Lockheed Martin continues

to close down the plant in Eagan and is working with the Dakota County Historical Society for preserving history items there. We expect to have a walk through of the plant in May for those that are interested.

I hope to see you at future Club events during the year.
Respectfully, Tom Turba, VIP Club President

ANNOUNCEMENTS & REPORTS

VOLUNTEER RECOGNITION BREAKFAST

Submitted by Bernie Jansen

On April 18th the VIP Club will host the annual Recognition Breakfast for VIP Club members who performed volunteer services in 2011. (Please see the “*Volunteer Hours Survey Form for Year 2011*” provided on Page 7.) The Breakfast will be held at Gina’s Café in the Eagles Club in New Brighton. The month of April is National Volunteer Month and our Breakfast honors all VIP Club members who perform volunteer services where ever they reside. We thank all VIP Club members for the many hours of volunteer services you provide each year. Last year, the 123 VIP Club members who responded to our 2010 Survey, donated approximately 26,000 hours to various organizations in Minnesota, Arizona, California, Illinois, Nevada, North Carolina, Texas and Wisconsin. Fifty six members attended the Breakfast last year and we hope this many or more will attend this year. **Please note that all members who respond to the “Volunteer Survey” are invited to attend this Breakfast.** The Breakfast will be hosted by the VIP Club and will begin at 9:00 A.M. at Gina’s Café in the Eagles Club. Management representatives from Lockheed Martin and Unisys will be in attendance as our guests.

MARK YOUR CALENDAR – ROSEVILLE GOOD OLD DAYS

Mark your calendars for Friday, May 4th. This year, the Good Old Days reunion will again be held at the Mermaid in Mounds View, but in the larger Atlantis ballroom, on the lower level. We will have the room from 10:30 a.m. to 3:30 p.m.

If you used to work in Roseville, have friends that did, or just like to get together with people that used to work for Univac/Unisys, this could be an event for you. An entry fee of \$1 will be charged to cover the room rental, but everything else is up to you. A selection of foods will be available at a reasonable cost and the bar will be

open. If you plan on attending, please send a message to Tom Turba at TNTurba@Comcast.net so we can get a count of the number of people. Indicate if you plan on eating. This is again expected to be a very large event. Pass the word on to your friends and come together. Come for lunch if you can't stay longer.

NORWEGIAN SYTTENDE MAI LUNCH

The annual Norwegian Syttende Mai lunch will actually occur on the real *syttendemai* (May 17th) this year. The event will again take place at Casper's Cherokee Sirloin Room in Eagan with a great buffet, an excellent speaker, and a cost comparable to last year. You may know that the Casper's Eagan location had a fire last October, but they project reopening in March. Details will be provided in the next Newsletter.

WEB SITE REVIEW by Lowell Benson.

This is the twenty-first in the Article-for-the-Month review series for Club members who don't have immediate internet access. If you don't have internet in your home, you could go to the public library to re-read previous 'Articles for the Month', linked from <http://vipclubmn.org/documents.aspx>.

In December 2010 we posted two items, the 30-year [Anniversary booklet](#) (1.2Mb) as written by Quint Heckert w/some edits by Lowell and the [Hidden History of Computing](#) (9.6Mb) viewgraphs by Dr. Misa which was presented at our October 13th, 2010 VIP Club anniversary celebration program. The booklet is a walk through memory lane – 17 pages of text and photos including a snapshot of each former president: “Al Mueller, 1980-81; Vida Hildyard, '82; Ray Nimmerfroh, '83; Ray Miller, '84; Ed Kulczycki, '85/'86; Lohn Bleckner, '87; Millie Gignac, '88/'89; Warren Becker, '90-'92; Owen Scharf, '93/'94; Chuck Homan, '95/'96; Barney Buss, '97; Bernie Jansen, '98/'99 & '06; John DuFour, 2000/01; Hank Dotzler, '02/'03; Dale Phelps, '04/'05; Brian Berggren, '07/'08; and Tom Turba, '09/'10.”

“The first general meeting was held on September 3rd, 1980 with about 75 people in attendance. Officers were elected, plans were made for future monthly meetings and a set of rules was drawn up. Club members were advised they would have to abide by Company regulations, but other than that they were on their own – it was their club – even as far as clean-up was concerned. A well-written constitution and by-laws were drawn up which protected the Club and the

Company.”

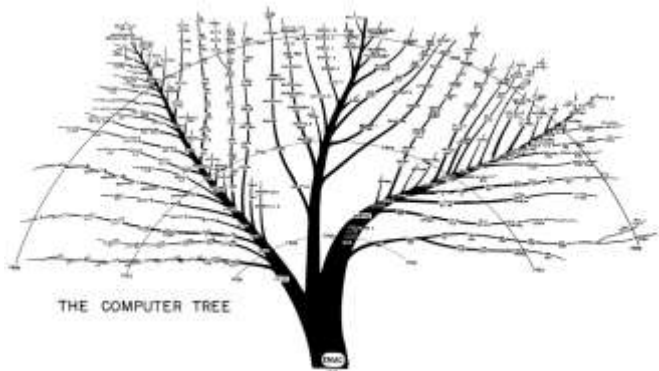

Al Mueller (1st Club President,) Bob McDonald (UNIVAC President), and Millie Gignac (Club Founder) – Cutting the ribbon to open the VIP Club room.

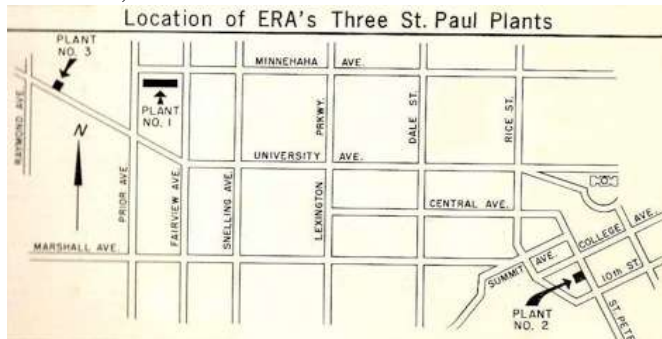

How many of you remember that the VIP Club had a club room in plant 1 until the 1995 defense systems sale to Loral Corporation. Loral decided to not be a sponsor of the Club. In 2000 LMCO joined with UNISYS as a co-sponsor of the club. For this 30th anniversary booklet they wrote: “Congratulations on 30 years of service to the community! The VIP Club has been a significant presence in the community through its volunteerism and participation in community events. In the last two years UNISYS and Lockheed Martin have been privileged to support the VIP Club at the: Minnesota Sesquicentennial exhibition, Eagan July 4 Funfest Celebration 2008 Minnesota State Fair, Charles Babbage Institute at the University of Minnesota, Minnesota History Center, University of Minnesota Department of Electrical and Computer Engineering Displays, and the Pioneer Press through Tom Webb's Jan. 3, 2010 Article –*The Almost Silicon Valley*. All of these activities brought home the contributions of our companies and employees to the history and economy of the region and made them visible to the community. Many thousands of people have viewed these events and talked to VIP Club members about the contribution of our companies.” Signed by UNISYS Liaison; *Sue Carrigan & Ron Smith* – Lockheed Martin Liaison: *Peggy Mullikin & John Westergren*. LMCO had graciously printed 100 copies of this booklet, most now on the bookshelves of Club members.

The Hidden History of Computing viewgraphs by Dr. Tom Misa were selected from his 2009/10 lecture series on the same topic. These showed how the ERA 1101 (originally the then classified ATLAS computer delivered in 1950 to the NSA predecessor) wasn't a part of early computer history because of the secrecy of code breaking activities at that time. He also talked a bit

about the Honeywell vs. Sperry law suit which made the ENIAC ‘computer invention’ patents invalid.

An interesting fact which he had presented was that in 1989 there were 68,000 computer industry jobs in Minnesota, 3.3% of workers at that time. This was second to Massachusetts’ 4.1% and ahead of CA-2.8%, VA-2.2%, and TX-2.1%.

Did you know that before the UNIVAC West 7th plant was built, ERA had their own plants 1, 2, and 3? The ERA plant 1 became the UNIVAC plant 2. Dr. Misa also touched on the “Legacies of ERA

- ERA ♦ patents ♦ IBM 650 “secured IBM’s leadership of industry”
- 20+ start-ups from ERA veterans
- Control Data [1957]
 - 45 start-ups, spin-offs, ventures
- Dataproducts [1962]
 - Erwin Tomash ➡ CBI [1978/80]
- [Seymour] Cray Research [1972]
 - Cray Computer [1989]
 - SRC Computers [1996]”

As an advisor to our Legacy Committee, Dr. Misa is an excellent proponent of our history – thanks to him for helping to ‘Tell the Story’ of computer developments in Minnesota. It is so appropriate that he holds the Engineering Research Associates Land Grant Chair for the History of Technology at the University. By Lowell A. Benson

PHOTO SLEUTHS WANTED

As part of our Legacy effort, we’ve amassed several cabinets of photos and negatives dating back to ERA including Univac/Sperry/Unisys defense and commercial info up to 1996. Lockheed will vacate ‘Plant 8’ in 2013 so December 2012 is our deadline to catalogue all the

materials. Most photos/paper items will go to the Charles Babbage Institute (CBI) at the U of M.

CBI is very interested in these photos, but cautioned that photo value is diminished without photos, but cautioned that photo value is diminished without descriptions. To date, a few volunteers have been looking at photos [all forms - negatives, slides, transparencies, and prints], attempting to identify the object then entering the data into a database. We need to greatly expand this effort to finish this year or just trash items that haven’t been catalogued.

We’re planning a series of work days wherein a group of people [2 to 12 at a time] will individually view photos and enter pertinent data into our Excel database. We’ve set up a room at LMCO with multiple PCs and light boxes ready for the volunteer pool. (*Harvey and Larry will lead OJT.*)

So, if you are interested in having a good time, doing some photo detective work, and contributing to our Legacy preservation effort - please email Harvey Taipale (hjtaipale@comcast.net). The plan is to meet at 9 a.m. every 2nd and 4th Tuesday of the month – we started February 14th. We’ll accept your help for any half day before or after noon, full day(s) with lunch in the cafeteria, or multiple days over the spring/summer/fall. Non-VIP Club members are also welcome. by H. Taipale.

SPORTS AND RECREATION by Keith Behnke

Golf – The merger of the Unisys and Lockheed golf leagues is moving ahead. A survey of all teams in the leagues of both companies is being done to determine the amount of participation so any adjustment to the number and location of leagues can be completed. As in the past a full slate of tournaments will be scheduled. The Unisys golf league web site will be used by the merged league and will be able to be accessed by all. As soon as the transition of data has been completed a link will be established at the VIP web site to provide easy access to all golfers. At this point there are leagues scheduled on Mondays at Phalen (St. Paul), Highland (St. Paul), Emerald Greens (Rosemount); on Tuesdays at Emerald Greens (Rosemount); on Wednesdays at Inverwood (Inver Grove Heights), Valleywood (Apple Valley) and on Thursdays at Bunker Hills (Coon Rapids). It is expected that tournament play will begin in April and the leagues around May 1. The relocation of some of the Lockheed golfers will leave some teams short so if you are interested in joining a team, contact Keith Behnke at keithbhnk@comcast.net to get more specific information.

PC and Electronics Club – They have monthly meetings, the second Tuesday of each month. The meetings are now currently held at LMCO Eagan, MN at 5:00 PM. For additional information contact Bob Grueschow at ragrueschow@frontiernet.net.

Trap and Skeet Club – There will be a trap and skeet club in 2012. More information in the April Newsletter.

A Place to Smile?

Ole, the smoothest-talking Norwegian in the Minnesota National Guard, got called up to active duty. Ole's first assignment was in a military induction center. Because he was a good talker, they assigned him the duty of advising new recruits about government benefits, especially the GI insurance to which they were entitled. The officer in charge soon noticed that Ole was getting a 99% sign-up rate for the more expensive supplemental form of GI insurance. This was remarkable, because it cost these low-income recruits \$30.00 per month for the higher coverage, compared to what the government was already providing at no charge. The officer decided he'd sit in the back of the room at the next briefing and observe Ole's sales pitch. Ole stood up before the latest group of inductees and said, "If you has da normal GI insurans an' yoos goes to Afghanistan an' gets yourself killed, da government' pays yer beneficiary \$20,000. If yoos takes out da supplemental insurans, vich cost you only t'irty dollars a mons, den da government' gots ta pay you beneficiary \$200,000!! "Now," Ole concluded, "vich bunch you tink dey gonna send over der? From VIP Member Rapp.

The ten cent martini..

Four old retired guys are walking down a street in Prescott, Arizona . They turn a corner and see a sign that says, 'Old Timers Bar - ALL drinks 10 cents'. They look at each other and then go in, thinking this is too good to be true. The old bartender says in a voice that carries across the room, "Come on in and let me pour one for you! What'll it be, Gentlemen?" There seemed to be a fully-stocked bar, so each of the men ordered a martini. In short order, the bartender serves up four iced martinis... shaken, not stirred, and says, "That'll be 10 cents each, please." The four men stare at the bartender for a moment... then look at each other. They can't believe their good luck. They pay the 40 cents, finish their martinis, and order another round. Again, four excellent martinis are produced with the bartender again saying, "That's 40 cents, please."

They pay the 40 cents, but their curiosity is more than they can stand. They have each had two martinis and so far they have spent less than a dollar. Finally one of the men says, "How can you afford to serve martinis as good as these for a dime apiece?" "I'm a retired tailor from Phoenix," the bartender said, "and I always wanted to own a bar. Last year I hit the Lottery jackpot for \$125 million and decided to open this place. Every drink costs a dime...wine, liquor, beer, it's all the same." "Wow!!!! That's quite a story," says one of the men. The four of them sipped at their martinis and couldn't help but notice seven other people at the end of the bar who didn't have drinks in front of them, and hadn't ordered anything the whole time they were there. One man gestures at the seven at the end of the bar without drinks and asks the bartender, "What's with them?" The bartender says, "Oh - that's Rapinac, Quint, and the other old retired guys from Minnesota. **They're waiting for Happy Hour when drinks are half price."**
