### MARCH PROGRAM: The Navy in Minnesota?

Do you ever wonder what the Navy is doing in Minnesota? After all, they were by far our biggest customer (UNIVAC=>Lockheed Martin) for decades. But we are 1200 miles from the nearest salt water seaport and 150 miles from our annually frozen fresh water port. We used to have a Naval Air Station (NAS) Twin Cities during which time P3-C Orion ASW aircraft could be seen in flight. But over time it was transferred to the [Air Force Reserve](#) and [Minnesota Air National Guard](#) as [Minneapolis-Saint Paul Joint Air Reserve Station](#) with Naval Air Reserve Center (now Navy Operational Support Center) Twin Cities as tenant command. The best way to learn about current Twin Cities Naval Ops is to go to the top. CAPT Brent McMurry is the Commanding Officer, Navy Operational Support Center (NOSC) Minneapolis, and he will present "The United States Navy, why being there matters." His PowerPoint and discussion will center around current events, and current capabilities of the United States Navy as well as touch on future capabilities and future Naval force posturing around the world. This discussion also enlightens the audience on the large population of Sailors that call the twin cities "home" and just what we are doing here to help defend the liberties of all U.S. citizens.

So how did a farm boy from Canton, South Dakota (35 miles from being a Minnesotan) end up in our metropolis? The very short version is that he graduated from the United States Naval Academy class of 1991.

Then followed a career of excellence including assignments to the Carrier Airborne Early Warning Squadron (VAW-120 Greyhawks) in Norfolk, VA, VAW-77 Nightwolves at NAS Atlanta, Reserve Tactical Air for Commander Navy Reserve Forces Command. New Orleans, and NOSC Kansas City, Missouri. He also found time to earn his Master of Business Administration degree and was inducted into the Delta-Mu-Delta society for earning high honors with a graduating GPA of 4.0. His well-traveled family includes his wife Suzanne Novotny of Gambrills, Maryland and three sons, Christopher, Jonathan, and Patrick.

### APRIL PROGRAM

#### Volunteer Recognition Luncheon

On Wednesday, April 15<sup>th</sup> the VIP Club will host the annual Recognition Event for VIP Club members who performed volunteer services in 2014. (Please see the "*Volunteer Hours Survey Form for Year 2014*" provided on Page 7.) This year the Board approved a restaurant buffet luncheon vs. the previous Breakfasts held at the VFW and American Legion sites. The

"Tuscany Buffet" luncheon will be held at  (Joseph's Grill) in St. Paul. The month of April is National Volunteer Month and our Luncheon honors all VIP Club members who perform volunteer services wherever they reside. We thank all VIP Club members for the many hours of volunteer services you provide each year. Last year, the 98 VIP Club members who responded to our 2013 Survey, donated over 22,700

hours to various organizations in Minnesota, Arizona, Illinois and Texas. The estimated value of these services in 2013 exceeded \$520,000.

Thirty six members and guests attended the Breakfast last year and we hope this many or more will attend this year. **Please note that all Club members and Photo Cataloging volunteers at the Lawshe Museum who respond to the "Volunteer Survey" are invited to attend this Luncheon.** The Luncheon will be hosted by the VIP Club and will begin at 11 A.M. at Joseph's Grill at 140 South Wabasha in St. Paul.

(Directions to the Joseph's Grill in St. Paul will be provided in the April issue of this Newsletter.)

Management representatives from Lockheed Martin and Unisys will be in attendance as our guests.

*(Note: Just a reminder - the Club must pay for and guarantee the number of diners that plan to attend the Luncheon; if you can't attend after replying that you will, please let us know you can't in a timely manner!)*

### PRESIDENT'S MESSAGE

I just re-read our 30-year anniversary booklet prepared by Quint Heckert – on line at <http://vipclubmn.org/Articles/30yrBooklet.pdf>. I'd

like to note one paragraph: "Since the clubs inception members have provided in excess of 438,120 hours of volunteerism: that's over 50 person years of volunteer efforts for such diverse activities as ushers at the Guthrie Theater and for the St. Paul Chamber Orchestra, critique presentations of law students at William Mitchell Law School, phone work for public television fund raisers, United Way, Wright Brothers National Memorial, etc. Through these activities club members have not only served their communities but have also been good-will ambassadors of our companies."

At the 2012 Volunteer Recognition Breakfast, Coordinator Bernie Jansen reported that "the estimated value of the reported Volunteer Services contributed by VIP Club members for the year 2011 was over \$550,000" (26,029 hrs @\$21/hr.) Reported hours via surveys for 2010 through 2013 have added another 95,478 hours to total 533,598 hrs.

Quint's and Bernie's numbers are based on our annual surveys – *I can't help but wonder what the real numbers should be or could be.* Less than 15% of our membership has been returning the survey forms!

**I challenge you**, our members to respond to the 2015 survey **now** with your 2014 volunteer hours! Respectively, Lowell A. Benson - 2015 President.

**Medical Notice:** Lockheed Martin sent a letter and information packet to retirees currently participating in their retiree medical plan. LMCO is turning over their medical program management to a private firm, requiring everyone to re-enroll by June. The key words in their letter are: "OneExchange™ representatives are available now at 1-844-596-0460 to help you create a personal profile and schedule an enrollment appointment." Since medical insurance planning is unique to each person's preferences and situations, the VIP Club suggests that individuals call as soon as he/she has reviewed the package. Now is not procrastination time! By *LABenson*

**Newsletter Inputs:** For the April newsletter, please send articles, recent obits, or lighter side items to Joe Schwarz before March 6, 2015.

**Notice:** The UNISYS Bluebell web site has changed per Al Rollins – new URL is <http://www.ubbrg.org>

**Volunteer Hours Survey:** Please report your 2014 hours via <http://vipclubmn.org/volunteer.html> or by using the form on page 7.

**When Do Memberships Expire:** They expire on December 31<sup>st</sup> of the YEAR paid through. Each month we sort an updated database into the distribution method. The electronic distribution member entries are separated. Then, when printing the newsletter, the paid through year gets printed after the US mail members name.

For the electronic distribution recipients, the database is sorted by Paid through year, and then members' expiration year is included in the subject line of newsletter distribution messages.

Our web site and email Internet Service Provider, as a spam inhibitor, only allows 50 recipients per message and 250 addressees per hour - thus multiple messages are required for our 615 electronic newsletter recipients. We do use Bcc for distribution addressing thereby inhibiting phishing of other addressees should a recipient choose to forward the distribution message to non-member friends. By *LABenson*

**SOCIAL ACTIVITY ITEMS**

**February Program Recap:**

The first program this year was held on Tuesday, February 10<sup>th</sup> rather than a Wednesday. The snowy winter weather kept some people away, but those that braved the weather had an excellent program on the "Blue Zones". It was an in-depth look at places in the world where people have been found to live happy longer lives. The Blue Zones organization, headquartered in the Twin Cities, is dedicated to finding places that fit the criteria for a longer happy life and is developing programs for communities to promote this lifestyle. The city of Albert Lea, Minnesota and the state of Iowa are two groups trying to implement Blue Zone programs. More detail is available on their website at [www.bluezones.com](http://www.bluezones.com).

**June Picnic Preview:** Wednesday, June 10, 2015 has been set aside for the VIP Club Picnic at Highland Pavilion, 1270 Montreal Ave, St. Paul (same place as the last two years) where we'll celebrate the 35th Anniversary of the VIP Club. Start time will be about 3:00pm. Volunteers are always welcome, so contact John Westergren, [jwestergren@frontiernet.net](mailto:jwestergren@frontiernet.net), if you can help. More information to follow in the next Newsletters, so stay tuned.

**Roseville Good Old Days:** Things are on track for the Good Old Days Reunion on Friday, April 24<sup>th</sup> in the Atlantis ballroom on the lower level at the Mermaid in Mounds View. We have the room from 10:30 AM to 3:30 PM, volunteers at 10 AM please.

## REPORTS, LEGACY ACTIVITIES

**Web Site 'Article for the Month':** For February, we've posted "The UNIVAC 8008 Micro". Craig Solomonson wrote about his [found treasure](#), perhaps the world's first 8-bit microcomputer built by UNIVAC in 1972! Please refer to your March and April 2014 newsletters for additional snapshots.

Thanks to Steve Newcomer and others for the development history. By *LABenson*

## LIGHTER SIDE

**Golfing Time:** A man and his wife walked into a dentist's office. The man said to the dentist, "Doc, I'm in one heck of a hurry I have two buddies sitting out in my car waiting for us to go play golf, so forget about the anesthetic, I don't have time for the gums to get numb. I just want you to pull the tooth, and be done with it! We have a 10:00 AM tee-off time at the best golf course in Eagan and it's already 9:30. I don't have time to wait for the anesthetic to work!"

The dentist thought to himself, "My goodness, this is surely a very brave man asking to have his tooth pulled without using anything to kill the pain."

So the dentist asks him, "Which tooth is it sir?"

The man turned to his wife and said, "Open your mouth Honey, and show him..."

### Wisdom of the Aged:

- I don't trip over things, I do random gravity checks.
- I don't need anger management. I need people to stop irking me so much!
- The biggest lie I tell myself is "I don't need to write it down, I'll remember it."
- My people skills are just fine. It's my tolerance for idiots that needs work.
- If God wanted me to touch my toes, he would have put them on my knees.
- I'm going to retire and live off of my savings. Not sure what I'll do the second week.
- Why do I have to press one for English when you're just going to transfer me to someone I can't understand anyway?
- Of course I talk to myself. Sometimes I need expert advice.
- Wouldn't it be great if we could put ourselves in the dryer for ten minutes and come out wrinkle-free and three sizes smaller?

### Church Bloopers
