President’s Message
Mary Pacifco, a longtime member of the Unisys Retirees’ executive board and 29 year employee of Univac-Sperry passed away on July 2nd 2015. Mary served as the Travel Chair arranging many successful trips to New York and the New England States. UBBRG meetings will never be the same without Mary’s outgoing personality and enthusiasm. She will be greatly missed. Mary’s obituary is on page 3.

Joe LaViola - President

Calendar of Events
September 10, 2015 - Karen Aubert, who is a Registered Dietician, will speak about medical nutrition therapy.

Vice President’s Report for June
Wayne (Schweigert) reminded the group, that by September, we need to decide on a location for our meetings. Of course we may not change. At this time there was discussion on a proposal to cut back on the Executive Meetings; perhaps quarterly. There were pros and cons to the idea. After a rather lively, but good discussion, it was decided our President would think about this over our summer hiatus. Come September we will try to finalize any changes, if any.

Tom Ambolino - Recording Secretary

50/50 Drawings
We have a 50/50 drawing at every monthly meeting. Here is how it works: Tickets are sold to attendees at the beginning of each meeting and a drawing for the winning ticket is held immediately following our guest speaker. Two tickets cost $1.00 and six (6) tickets cost $2.00. Half of the proceeds go to the holder of the winning ticket and the other half goes into our treasury to help defray the cost to rent our meeting space at the church in the Plymouth Meeting Mall.

Ann LaViola (from left) and Marie Staub will be happy to sell you as many tickets as you want. They will be seated at their concession table, at the church entrance, to take your offerings. The following were our winner’s:
June’s winner of the 50/50 drawing was Alan Powell.

Monthly Meeting Guest Speakers
There was no guest speaker scheduled for June.

Letters to the Editor
From Bill Ridge - While on vacation
------------- Life is full of unplanned "surprises" - some very nice and others not so.

In early July I drove to Slidell, Louisiana for a short visit with my sister. I hadn't seen her for a while and planned to stay for about a week. I thought we would just visit and possibly do some things in nearby New Orleans. Well, so much for that!

On my second day in town I set out for a walk around the neighborhood. While crossing a busy downtown intersection (with the green light) I was struck by a car running through the red light. I was lucky to avoid a direct hit but still received quite a jolt. I wound up with numerous contusions and a fractured left tibia plateau (knee).

So my one week visit was extended to about seven weeks. I have stayed in Slidell (with its 100 degree plus temps) through emergency care, surgery, post op care, and therapy. It was probably a good time to take a break from golf and the shore anyway!

On the Lighter Side
2015 Blondes
A blonde & her husband are lying in bed listening to the next door neighbor's dog. It has been in the backyard barking for hours & hours. The blonde jumps up out of bed and says, "I've had enough of this". She goes downstairs. The blonde finally comes back up to bed and her husband says, "The dog is still barking, what have you been doing?". The blonde says, "I put the dog in our backyard ...let's see how THEY like it!

Two Blondes With Hammers...
Lisa & Judy were doing some carpenter work on a Habitat for Humanity House. Lisa was nailing down house siding, would reach into her nail pouch, pull out a nail & either toss it over her shoulder or nail it in. Judy, figuring this was worth looking into, asked, ' Why are you throwing those nails away?' Lisa explained, 'When I pull a nail out of my pouch, about half of them have the head on the wrong end & I throw them away.' Judy got completely upset & yelled, 'You moron! Those nails aren't defective! They're for the other side of the house!'

Frozen Blondes
Did you hear about the two blondes who froze to death in a drive-in movie? They had gone to see ‘Closed for the Winter’.

Accident
A woman went through a red traffic light and crashed into a man's car. Both of their cars are demolished but amazingly neither of them is hurt. After they crawled out of their cars, the woman said: "Wow, just look at our cars! There's nothing left, but fortunately we are unhurt. This must be a sign from God that we should meet and be friends and live together in peace for the rest of our days." The man replied," I agree with you completely. This must be a sign from God!

The woman continued, "And look at this, here's another miracle. My car is completely demolished, but my bottle of wine didn't break. Surely God wants us to drink this wine and celebrate our good fortune." Then she hands the bottle to the man. The man nods his head in agreement, opens it, drinks half the bottle and then hands it back to the woman. The woman takes the bottle, immediately puts the cap back on, and hands it back to the man. The man asks, "Aren't you having any?" She replies, "Nah. I think I'll just wait for the police."

Adam ate the apple, too! Men will never learn!

Laws they Don't Teach in Physics

1. Law of Mechanical Repair - After your hands become coated with grease, your nose will begin to itch and you'll have to pee.
2. Law of Gravity - Any tool, nut, bolt, screw, when dropped, will roll to the least accessible place in the universe.
3. Law of Probability - The probability of being watched is directly proportional to the stupidity of your act.
4. Law of Random Numbers - If you dial a wrong number, you never get a busy signal; someone always answers.
5. Variation Law - If you change lines (or traffic lanes), the one you were in will always move faster than the one you are in now.
6. Law of the Bath - When the body is fully immersed in water, the telephone will ring.
7. Law of Close Encounters - The probability of meeting someone you know INCREASES dramatically when you are with someone you don’t want to be seen with.
8. Law of the Result - When you try to prove to someone that a machine won't work, IT WILL!!!
9. Law of Biomechanics - The severity of the itch is inversely proportional to the reach.
10. Law of the Theater & Hockey Arena - At any event, the people whose seats are furthest from the aisle, always arrive last. They are the ones who will leave their seats several times to go for food, beer, or the toilet and who leave early before the end of the performance or the game is over. The folks in the aisle seats come early, never move once, have long gangly legs or big bellies and stay to the bitter end of the performance. The aisle people also are very surly folk.

(OVER)
SIX LITTLE WORDS

{1} Once all villagers decided to pray for rain, on the day of prayer all the people gathered, but only one boy came with an umbrella.
   That's FAITH

{2} When you throw a baby in the air, she laughs because she knows you will catch her.
   That's TRUST

{3} Every night we go to bed, without any assurance of being alive the next morning but still we set the alarms to wake up.
   That's HOPE

{4} We plan big things for tomorrow in spite of zero knowledge of the future.
   That's CONFIDENCE

{5} We see the world suffering, but still we get married and have children.
   That's LOVE

{6} On an old man's shirt was written THE sentence ‘I am not 80 years old. I am sweet 16 with 64 years’ experience’.
   That's ATTITUDE
